

Dunbarton Energy Committee

Meeting Minutes

4/19/10

Meeting started at 7:00pm

Meeting held at town offices

Present: John Stevens, Stevyn Dodd, George Holt, Kristine Hanson, Jason Dubrow

1. Web page review: Lee Richmond is finishing the last of the writing process, Sullivan Design has a few updates to make. The webpage may be ready to go by the end of the month. Lee was out of state, Jason filled in some details.
2. EECBG grants and project status: John spoke on the grant monies and award contract progress. John, Line Comeau and Ray Labore (SAU 19 Business Manager) will attend a contract terms and conditions workshop on May 5th. We should know when we will receive the grant monies after the workshop. Because of delays by the grantors, it appears likely that the School and Town buildings energy audits may be delayed till the fall. John and George spoke about the concerns the School has about the weight of the solar panels on the School roof and where they would be located. George will work with Jeff Trexler on these concerns. Stevyn and George are working on specs for additional quotes for the Town Office lighting and School solar panels.
3. Tiffany Dodd and Margaret Watkins presented and led a discussion of the Town Hall Renovation Project: Tiffany and Margaret discussed different ideas on how the 2nd floor could be utilized for different projects. Ideas included possibly using the basement, lectures and movies among several ideas. Feed back is welcome.
4. Earth Day at the elementary school: On April 22nd Kristine and John will be volunteering their time at the school, not in the capacity of the Energy Committee, to man tables or help out as needed. The School program is already defined so there is not a place or time to put up an Energy Committee table.
5. Summer projects ideas: Discussion was brought up on Energy Committee activities for the summer and Stevyn agreed to spear head this project. There may be some ideas from some interesting and practical activities and programs Vermont Energy Committees are doing.
6. Old Home Day was mentioned. What activities / exhibits can we do at it?

Meeting adjourned at 8:45 PM

Respectfully submitted: John Stevens
