

Dunbarton Energy Committee Meeting Minutes, June 20, 2016

Members Present: Bob Ray, Lee Richmond, George Holt, Bob Martel, John Stevens

No votes taken, no quorum.

Meeting opened at 7:05 PM

1. Approval of April 18 EC minutes
 - Approved
2. Public comment
 - No public in attendance
3. Energy Fair report:
 - Attendance was low, the weather was beautiful, may have attracted people to other activities
 - Good turnout of vendors and the workshop were well attended.
 - Change event name? Some from other towns felt they could not attend as it was named the "Dunbarton Energy Fair"
4. Website revision:
 - Existing website was very admired but its presentation did not attract as widely as desired.
 - Could it have an online query as an entry point?
 - Could have a list of Dunbarton providers, vendors of energy products and services?
 - Have a forum that local vendors could participate in?
 - Cost of new site? We have over \$800 in our account from donations from NWN visits and Energy Fair donations.
5. Neighbors Warming Neighbors:
 - Need to publicize better, announcements placed at various locations in town? Feature testimonials to draw more participants?
 - Note to add: "What is this costing taxpayers?" Answer: "Nothing"
6. Should we have a booth at Old Home Day? (Sept 17th) Agreed that we should.

Meeting adjourned at 8:34

Next meeting: Sept. 19, 2016 unless issues arise sooner.

Respectfully submitted: John Stevens
